

Michael Zacchera

Multimedia Technician

Hello, My names Michael Zacchera and I'm a multimedia technician here in Pittsburgh, PA. After graduating in 2020 from PTC I worked a lot of freelance and union jobs around the city and have a good experience with gear, working in a team setting, constructing and deconstructing sets, problem solving issues that arise, and getting things done in a timely manner.

English

Experience

2021-Present

Hughies | 101 Ali Street, Pittsburgh
Multimedia Technician

I've worked with Hughies now for about one and a half years now, In that time I've learned a lot from working with gear, to running it as a technician, running solo shows and taking leadership roles in a group. While I am only freelance there I love the work and environment they have. I still work with them from time to time and have great references from the company!

2022-Present

I.A.T.S.E 3 | P.O. Box 352. Pittsburgh
Stagehand

I've just this year started with I.A.T.S.E 3, but the few gigs I've worked with them have been phenomenal. I only stagehand for them right now but even as a stagehand I will help coordinate the group that I'm assigned and also help people with keeping on the task at hand. It's great to get to work with a actual union as well as it gave me more insight to this industry.

2018-2020

Pittsburgh Technical College
PTC | 1111 McKee Rd, Pittsburgh
Studio Monitor

I worked at my college while I attended as a studio monitor, I would fill out reservation forms, work with gear all day packing and unpacking/checking, worked with scheduling out times for the students to use the studio, and also helping students understand gear and safety. There was a lot more to this job but it definitely was the start of where I am at now!
